- Relevant Course: Financial Accounting, Strategy Management, Corporate Finance.

INTERNSHIP EXPERIENCE

J.P. Morgan Securities (China) Co., Ltd.

Shanghai, China

Investment Banking Division, M&A Intern

Jan 2025 - May 2025

- Supported preliminary due diligence of an ESG data provider by reviewing financial, regulatory, and product materials related to its carbon-emissions data and advisory services for institutional clients.
- Examined the sourcing, calculation methodology, and auditability of ESG data to support the team's assessment of data reliability and related business and regulatory risks.
- Prepared due diligence checklists and internal summaries and coordinated accounting and legal documentation across workstreams for transaction-team review.

Huaxi Securities (Remote)

Shanghai, China

Research Assistant in mechanical industry team

Dec 2024 - May 2025

- Market Intelligence: Conducted equity research on China's A-share machinery sector (e.g., Humanoid Robots, Coal Chemical). Synthesized complex market trends from brokerage reports to identify key investment drivers for senior analysts.
- Data Analysis: Leveraged Bloomberg Terminal and academic databases to extract high-volume historical industry data and macroeconomic data, ensuring data accuracy for thematic research reports.
- Data Visualization: Constructed advanced Excel models and dynamic charts to visualize stock price volatility and industry growth trends, directly supporting the team's investment theses with quantitative evidence.

Vanho Securities Co.Ltd

Chengdu, China

DCM intern, Investment Banking Department

July 2024 - Sep 2024

- Financial Modeling: Developed detailed financial evaluation models, including Pro Forma Income Statements and capital expenditure schedules, to determine the bond's repayment capability and pricing strategy.
- Due Diligence: Coordinated by liaising with external auditors and legal counsel. Ensured all financial documentation strictly adhered to regulatory disclosure standards required for government securities.

PROJECT

China Household Finance Survey and Research Center

Chengdu, Sichuan

Quality Control Supervisor, Quality Control Team

July 2023 - Aug 2023

- Data Quality Assurance: Personally audited and validated over 800 household financial datasets, identifying logic errors and ensuring data integrity to conduct quality control for a national-scale microeconomic survey (modeled after the U.S. Federal Reserve's SCF).
- Team management and process optimization: Optimized the field sampling workflow for the Hubei region team, which increased data collection efficiency and reduced error rates during the visitation phase.
